Grommet Guide

table of contents

2 power grommets

locations

- 3 one piece top
- 4 two piece top
- 5 three piece top

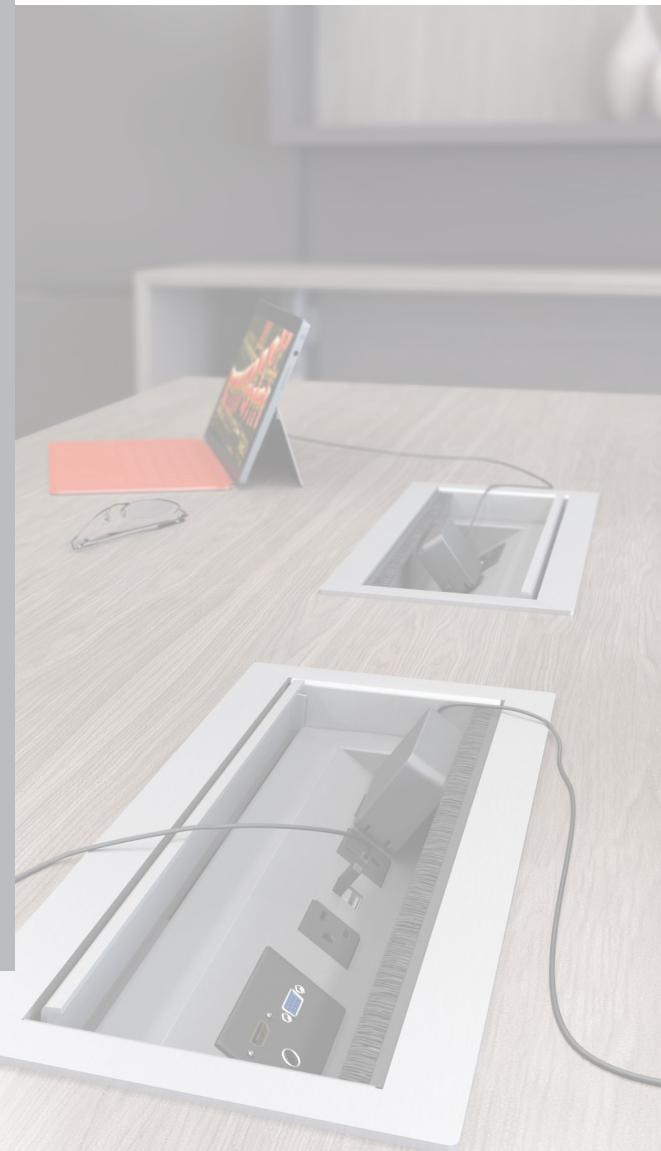

grommet options and notch requirements

- 6 5" panel bases
- 7 12" rectangular bases
- 8 2-3/8" thin panel bases
- 9 square bases
- 10 square sightline bases
- 11 boatshaped bases
- 12 cylinder bases
- 13 half-cylinder bases
- 14 metal w/wire management bases
- 15 metal bases

current version

March 2019

DeskMakers

power grommets

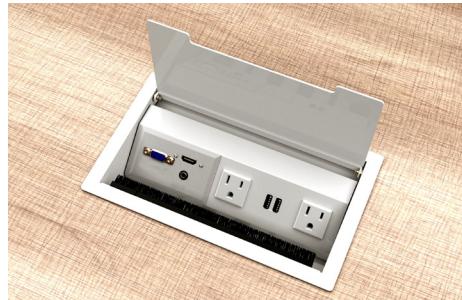

AC-DPGR-71

- (2) power outlets
 - (1) convenience outlet on bottom
 - (1) cutout for interface plate (not included)
 - (2) RJ-45 keystone knockouts (jacks not included)
 - (2) Cord Pass Thoughts
 - 144" long 15amp plug cord
 - Finishes: Black, Silver, White and Brushed Aluminum
-

AC-DPGR-72

- (2) power outlets
 - (2) 2.1A USB charging ports
 - (1) convenience outlet on bottom
 - (1) cutout for interface plate (not included)
 - (2) RJ-45 keystone knock outs (jacks not included)
 - (2) Cord Pass Thoughts
 - 144" long 15amp plug cord
 - Finishes: Black, Silver, White and Brushed Aluminum
-

AC-DPGR-73*

- (6) power outlets
- (2) cutouts for interface plate (not included)
- (2) 108" long 15amp plug cords
- Finishes: Black, Silver and Brushed Aluminum

*CANNOT be placed inside 18" cylinder bases

AC-DPGR-74*

- (6) power outlets
- (2) 2.1A USB charging ports
- (1) cutout for interface plate (not included)
- (2) 108" long 15amp plug cords
- Finishes: Black, Silver and Brushed Aluminum

*CANNOT be placed inside 18" cylinder bases

AC-DPGR-77**

- (3) power outlets
- (1) convenience outlet on bottom
- (1) cutout for interface plate (not included)
- (2) 2.1A USB charging ports
- (2) RJ-45 keystone knock outs (jacks not included)
- 108" long 15amp plug cord
- Finishes: Black, Silver, White and Brushed Aluminum

**CANNOT be placed inside 18" cylinder/rectangular bases

Please see the electrical pricebook for additional information and pricing

one piece table tops

one piece table tops available with:

one grommet centered

two grommets located 24" on center from each end

grommet orientation:

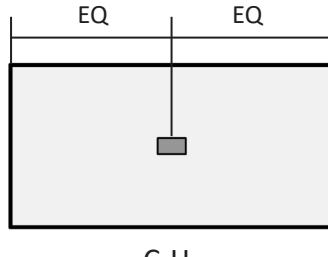

horizontal (parallel to length of table)

vertical (perpendicular to length of table)

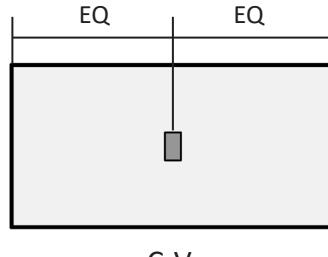

grommet placement:

grommets are always located centered on the width of the table top

center grommet

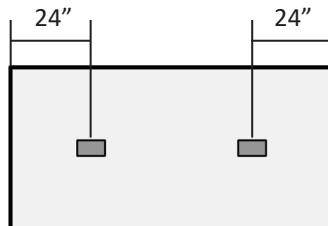

C-H

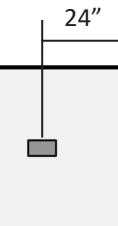

C-V

end left and end right grommet

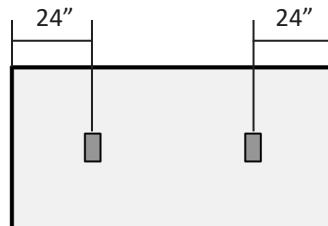

*not available on 72" long tables

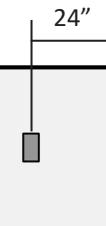

EL-H

ER-H

EL-V

ER-V

All dimensions are to the center of the grommet cutout.

Not all grommets are available in all locations. See grommet location options on pages X-X.

When a grommet location interferes with a base, the base may need to be notched, see pages X-X for notch requirements. OP-GROM-NOTCH is \$334 per location.

A wire management access door may be needed when grommets are located inside a base.

For specific information and pricing on grommets, table tops and bases available, please see the Tables Pricebook and the Electrical Pricebook.

two piece table tops

two piece table tops available with:

one grommet centered

two grommets located 24" on center from each end
two grommets located in the middle of each top section

grommet orientation:

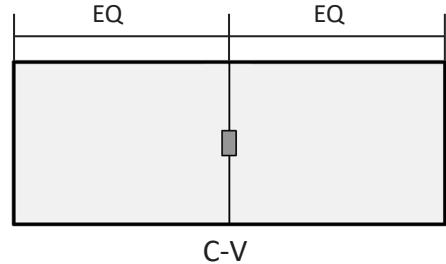

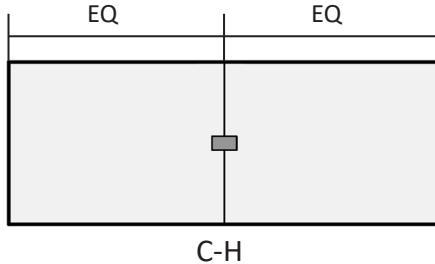

horizontal (parallel to length of table)

vertical (perpendicular to length of table)

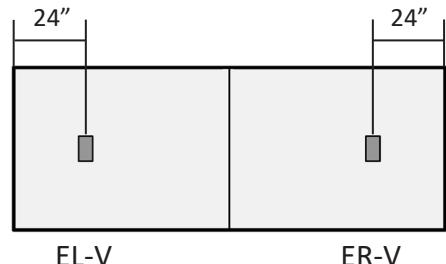

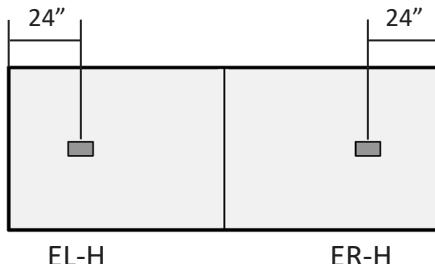

grommet placement:

grommets are always located centered on the width of the table top

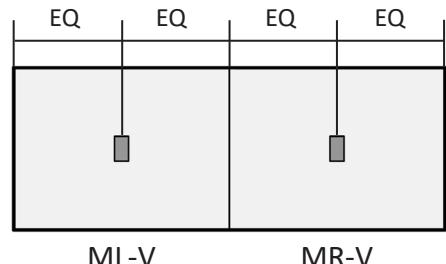

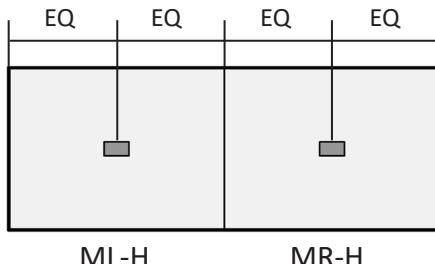

center grommet

end left and end right grommet

middle left and middle right grommet

All dimensions are to the center of the grommet cutout.

Not all grommets are available in all locations. See grommet location options on pages X-X.

When a grommet location interferes with a base, the base may need to be notched, see pages X-X for notch requirements. OP-GROM-NOTCH is \$334 per location.

A wire management access door may be needed when grommets are located inside a base.

For specific information and pricing on grommets, table tops and bases available, please see the Tables Pricebook and the Electrical Pricebook.

three piece table tops

three piece table tops available with:

one grommet centered
 two grommets located 24" on center from each end
 two grommets located on the seams
 two grommets (three with center grommet) located in the middle of each top section

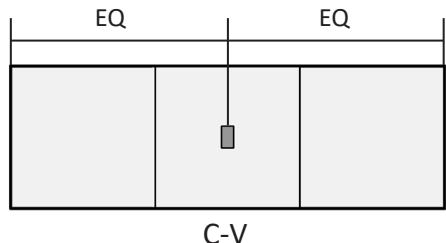

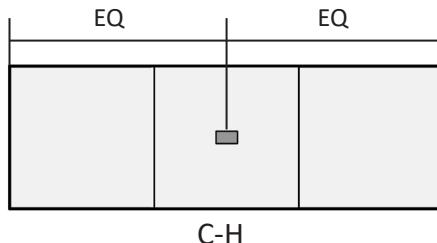

grommet orientation:

horizontal (parallel to length of table)
 vertical (perpendicular to length of table)

grommet placement:

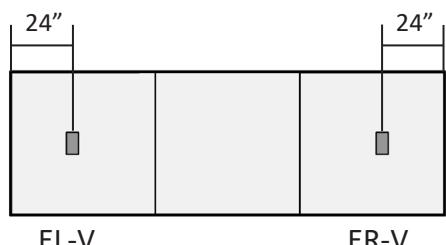

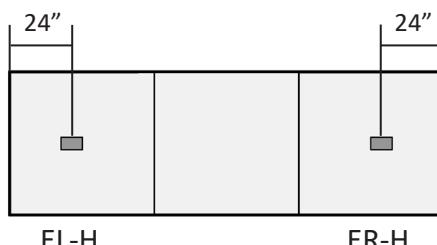

grommets are always located centered on the width of the table top

center grommet

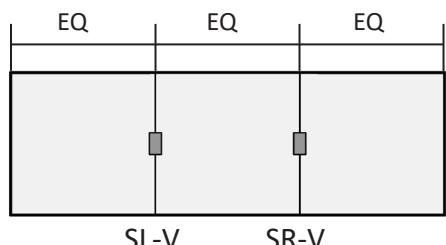

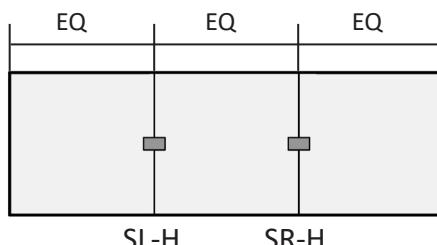

end left and end right grommet

*available with or without center grommet

seam left and seam right grommet

All dimensions are to the center of the grommet cutout.

Not all grommets are available in all locations. See grommet location options on pages X-X.

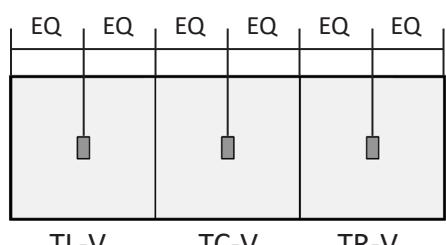

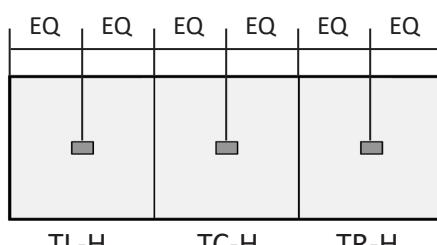

When a grommet location interferes with a base, the base may need to be notched, see pages X-X for notch requirements. OP-GROM-NOTCH is \$334 per location.

A wire management access door may be needed when grommets are located inside a base.

For specific information and pricing on grommets, table tops and bases available, please see the Tables Pricebook and the Electrical Pricebook.

3 piece middle left and 3 piece middle right grommet

*available with or without center grommet

5" panel bases
