Idea Starters

Meet storage and aesthetic preferences with ease.

Catalina Lockers provide personal storage and security in a variety of shapes, sizes and configurations. Designed with safety and functionality in mind, Catalina Lockers provide the same modern look that has become synonymous with the DeskMakers line of products. Offered in a mix of aesthetically pleasing finishes, they’re well-suited to meet the storage needs of any space.

Modular by design.

Lockers are available in a variety of sizes and configurations allowing for easy planning. Modular by design, Catalina storage provides a level of customization ideal for today's dynamic work environments.

Function and flexibility.

Catalina locker and storage solutions integrate seamlessly with DeskMakers or existing open plan systems to provide functional, flexible and affordable options for both personal and communal storage requirements. Choose traditional lock and key or digital locks for added security.
