details

- 1-1/8" thick thermofuse laminate (TFL) tops for strength and durability.
- 2mm PVC edgebanding. Wood edge tops overhang the chassis by the thickness of the edge profile, increasing the overall width and depth. Sizes shown are nominal. (Width of units with group C edge detail shown as 72" is actually 74.5".)
- Wood grain on tops runs from side to side on returns and bridges, up to 60", to match desk and credenza tops. Grain runs vertically on pedestals and false pedestals, and runs horizontally on modesty panels. Due to the nature of woodgrain materials - grain pattern may not align on adjoining tops or drawer fronts and doors on the same unit.
- Pedestal-supported construction with recessed inset modesty panels on all desks.
- Standard with 1/2" reveal line in silver metallic below tops and on pedestal base. Optional black or white reveal for no additional charge.
- False (open) pedestal on single pedestal desks can be used for CPU storage.
- Drawers with 46mm height ball bearing extension slides for smooth and instant access to all contents.
- Maple print drawer interiors standard. Solid wood drawer interior upgrade available.
- Adjustable leveling glides on all units, except hutches and overheads.
- Combine up to two finishes on a single unit at no additional charge. See website for laminate finish options.
- Core removable face locks standard on pedestals, lateral files and file centers. Locks optional on all units with hinged doors, such as hutches and storage cabinets.
- Hardware pulls standard on all drawers. If no pull is specified, 101-BL will be provided. See page 7 for complete selection of pulls. There is no upcharge for premium pulls on items in the Milano collection.
- On hutches, two center doors are wider than the two outer doors.
- Custom sizes and configurations may be available. Contact quoting department for pricing.
